Notes:

These tables replace Tables 9-1 & 9-2 in the Scottish Flood Defence Asset Database (SFDAD) - Final Report (2006). The report can be found at: <http://www.scotland.gov.uk/Publications/2007/08/20111904/0>

Tables 9-1 and 9-2 have been replaced to include the properties protected by schemes added to the database since publication of the above report.

Additional properties may be protected by Flood Prevention Schemes not assessed by the SFDAD.

Local Authority areas not included within the above list do not have any Flood Prevention Schemes that were reviewed by the SFDAD.

The number of properties protected represents all properties protected at any standard of protection.

The damages avoided by Flood Prevention Schemes represents the Present Value damage over a 100 year life time of the scheme.
